Acknowledgement:

SIBERIA was financed through the European Commission,
Center of Earth Observation, Contract No. ENV4-CT97-0743-SIBERIA.
Satellite data was made available through ESA's 3rd ERS
Announcement of Opportunity (Project Number A03.120)
and NASDA's JERS-1 initiative "Global Boreal Forest Mapping".
The data were acquired by a mobile receiving station in
Ulaanbaatar, Mongolia of the German Aerospace Center (DLR).
Radar data co-registration and mosaicking was performed with
GAMMA AG software.
European project partner institutions: CESBIO/France, CEH/UK,
DLR/Germany, GAMMA/Switzerland, IIASA/Austria,
SATELLUS/Sweden, SCEOS/UK, UWS/Wales, VTT/Finland.
Russian project partner institutions are
East Siberian Foresty Inventory and Planning Enterprise/Krasnoyarsk,
Regional Forest Inventory and Management/Irkutsk,
Department of Forest Inventory and Management/Krasnoyarsk,
V.V.Dokuchaev Soil Institute/Moscow.
